Supplier	Flooring2
Product Type	Broadloom Carpet
Number	EV
Name	Everest

Warranties	
Fade Resistance Limited Warranty	Lifetime
Abrasive Wear Limited Warranty	Lifetime
Texture Retention Limited Warranty	10 Year
Manufacturer Defects Limited Warranty	10 Year

Fade Resistance Limited Warranty

Flooring^2 warrants that your carpet will not display a significant color change due to exposure to light or exposure to atmospheric contaminants (ozone and oxides of nitrogen). Significant color change is defined as a rating of 3 or less when measured on the American Association of Textile Color and Chemists (AATCC) scale of color change and testing for color change under the appropriate test methods as recommended by the AATCC (1 and 2). The AATCC gray scale is a nationally recognized color system in the carpet industry that uses standardized comparisons to determine a degree of color change. Light fastness exposure is tested in accordance with AATCC test method 16-1993 with 80 hours of light fastness exposure. Ozone Oxides of Nitrogen fade testing is tested for 5 cycles in accordance with AATCC test methods 129-1990 and 164-1992, respectively. The warranty begins the on date of installation and will remain in effect for the stated period of the warranty. This warranty only applies to the original purchaser.

Abrasive Wear Limited Warranty

Flooring^2 warrants that your carpet will not abrasively wear away by more than 10% in any area of the carpet for the warranty period. Abrasive wear is defined as countable loss of pile fiber, 10% or greater, resulting from normal foot traffic and is determined by pile weight comparison of the worn area to non-traffic areas, or testing using mechanical wear simulators. Abrasive wear means fiber loss, not changes in appearances, such as crushing or matting. The warranty begins the on date of installation and will remain in effect for the stated period of the warranty. This warranty only applies to the original purchaser. ** See Care & Maintenance Guide regarding professional cleaning.

Texture Retention Limited Warranty

Flooring^2 warrants that your carpet will not exhibit significant twist or loss of texture from foot traffic for the warranty period based on specific products and the implied years of texture retention. Texture retention is the ability of carpet tufts to retain a normal amount of their visible size, shape and orientation. This includes the ability of cut pile tufts not to lose twist excessively. Texture change associated with normal pile crush is a characteristic of all carpet and is not covered under this warranty. Please note that the texture of any carpet will change to some degree in heavy traffic areas. Such conditions constitute normal wear and tear and are not covered by this warranty. The warranty begins the on date of installation and will remain in effect for the stated period of the warranty. This warranty only applies to the original purchaser. ** See Care & Maintenance Guide regarding professional cleaning.

Manufacturer Defects Limited Warranty

Flooring^2 warrants that your carpet is covered for the warranty period from manufacturing defects that occur when used in owner residences. By manufacturing, we mean any defect in material or workmanship. The warranty begins the on date of installation and will remain in effect for the stated period of the warranty. This warranty only applies to the original purchaser.
